Venue: Tokyo (Nihonbashi)**

* Networking hour from 17:30 -18:20 for onsite attendees

** Details will be sent to onsite attendees

Language: Japanese-Vietnamese-English
simultaneous interpretation

At the workshop titled "Viet Nam Japan Medical ICT and Aging Workshop****" hosted by the Cabinet Secretariat on October 31st at Hanoi Medical University, over 100 Vietnamese healthcare professionals participated in discussions on the themes of medical ICT and aging. They engaged in an exchange of ideas with Japanese experts and companies.

Based on the insights gained from this exchange, seven Japanese companies that participated in the workshop will present on topics such as the characteristics of the Vietnamese market, effective approaches, and strategies for business expansion into Vietnam. If you are interested in expanding your business overseas, we encourage you to join us for this seminar.

**** For the details of the "Viet Nam - Japan Medical ICT and Aging Workshop," please refer to the following websites.
