Date:

**Tue, 14<sup>th</sup> Mar, 2023**

India time

**15:20 ~ 18:00**

(Japan time 18:50 ~ 21:30)

Venue:

**ITC Maurya  
Chaitya Hall**

Medical Excellence INDIA (MEI) is an initiative aiming to develop better healthcare ecosystem by multisectoral collaboration by industry, academia, medical institute, and government. And Medical Excellence JAPAN (MEJ) has been working with several countries as a hub for international cross-sectoral collaboration since 2011.

MEI-MEJ Forum is an action-driven platform of medical cooperation between India and Japan.

The theme of MEI-MEJ Forum 1st Workshop is "Approach to improving acute medicine in India through medical DX".

The MEI- and MEJ secretariats showcase business ideas in acute medicine field. The experts give insights on them and inspire participants who are willing to solve medical problems in India so that tangible outcomes can be derived timely by this bilateral cooperation.
